## ❖ SEKURO X-Banner Stands

The SEKURO X-banner stand is one of the most cost effective ways of displaying your banners and is a great way to brand and advertise indoors.

They are lightweight, non-retractable and easy to assemble without tools and will fit almost anywhere.

The stand utilizes the flexible X frame to create the tension required for the banner. The X-Banner's frame stretch and expand the graphics by applying tensions on each corner of the banner (4 corners).

The grommet mounts are adjustable so that a range of sizes can be fitted up to the stand's maximum size.

The X-banners are ideal solution when the user requires changing the graphics very often. A replacement banner can be installed in seconds.

X-banner stands are ideal for locations such as:

- Retail Stores
- Shopping Malls
- Car Showrooms
- Hotel Foyers
- Trade Shows
- Conventions
