

Sidewalk A-Frame - Plastic

evolvo

❖ EVOLVO Fillable Sidewalk Sign

The EVOLVO A-Frame is engineered for outdoor use to attract passersby into the store.

This display, advertising board is double-sided, providing near 360° visibility.

Frequent graphic updates are easy. Simply slide the 23.4"W x 33.1"H corrugated plastic poster into the aluminum channels which keep them in place.

In case of wind or heavy crowds, the base features plugs to easily weight the unit with up to 6lbs of sand. The hinges lock in position to prevent the sign from falling flat.

They are manufactured from polyethylene which will withstand the elements without rusting and ensuring that they will last for a long time.

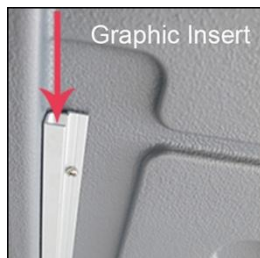

These A-Frame sidewalk signs fold flat for storage and portability. There is also a handle on top, making these sign holders simple to transport.

The EVOLVO sidewalk frame is great advertising displays for:

- Retail and convenience stores
- Shopping malls
- Restaurants and bars
- Office buildings
