## ❖ NESTO Table Covers

Take your exhibit area from dull to "Wow!" in seconds!

Turn a boring, traditional display table into a custom advertising tool with NESTO printed table throws.

NESTO table covers make for an attractive and sophisticated promotional tool at trade shows, college fairs, special sign-in tables, in-store displays, market stalls, or speech and awards nights.

They add a finishing touch to your display that completes your professional look and maximises your branding opportunities.

The table covers are dye sublimation printed for full photographic quality – capable of printing a simple logo or an elaborate photo in vivid color.

The process is also permanent. Thus, you will have a printout that is not just sharp and realistic in colour and detail, but will never crack or fade out even if you wash or dry clean it.

The table cover is packed into one small bag for convenient transportation so it can be easily carry in hand luggage on a plane.

### BENEFITS & SPECIFICATIONS

- Flame retardant polyester poplin fabric.
- Dye sublimation printing process.
- Full-color graphic prints.
- Stitched hemming along edges to prevent fraying.
- Machine washable and wrinkle resistant.
- Tumble or air-dry.
- Gently steam with hand-held steamer to erase wrinkles.
- Portable and lightweight.
